Houseplants/Terrariums:

- PLANTERINA houseplants
- Nick Pileggi houseplants
- SerpaDesign terrariums
- Asu terrariums
- Jartopia terrariums
- MD Fish Tanks

Iconic:

- SethEverman
- Dillon The Hacker
- bill wurtz

Lectures:

- Crash Course
- Khan Academy
- AK Lectures
- Michel van Biezen
- MIT OpenCourseWare
- Bozeman Science physics, biology
- YaleCourses
- Harvard Physics
- Professor Dave Explains chemistry, anatomy

Math:

- 3Blue1Brown
- Numberphile
- PBS Infinite Series
- Eddie Woo
- Vihart
- Stand-up Maths
- Mathologer
- patrickJMT
- Tipping Point Math
- Think Twice
- blackpenredpen
- MindYourDecisions
- Richard E. BORCHERDS advanced math

- Dr. Trefor Bazett
- Professor Leonard lectures
- Tibees
- Michael Penn
- zhuli

Motivation:

- Mateusz M
- Better Ideas

Music:

- George Collier
- 12tone music theory
- Tony Ann piano
- Frank Watkinson guitar
- Kyle Landry piano
- Paul Davids guitar
- Alex Ball synths
- Ichika Nito guitar
- ibi piano
- Mariana Froes singing covers
- CharlesBerthoud bass
- Daniel Thrasher
- The Dooo electric guitar
- · Harry Mack freestyle rap
- Fkj
- Markus Veltri piano
- Marc Rebillet improv music
- DOMi & JD Beck
- Lara6683 piano
- Majestic Casual
- MrSuicideSheep

- · Stuff to Blow Your Mind random cool stuff
- Origin Stories evolution and anthropology
- Life's Little Mysteries general science
- The Anthropocene Reviewed reviewing aspects of earth on a 5 star scale
- 50 Things That Made the Modern Economy explores the history and significance of inventions.
- Speaking of Bitcoin general cryptocurrency discussion
- 30 Animals That Made Us Smarter examines animals and their influence on human innovation
- Huberman Lab Podcast neuroscience and human performance
- After On Rob Reid science and technology with a focus on futurism
- Unscrypted Podcast fundamental explanation of cryptocurrency
- TWIV (This Week in Virology) the current state of virology
- Daniel and Jorge Explain the Universe cosmology and particle physics
- Planetary Radio space exploration and astronomy
- Planetary Radio: Space Policy Edition space policy and related topics
- Safety Third hosted by popular science YouTubers
- The Biologic Podcast biology
- Talk Nerdy with Cara conversations with scientists and science communicators
- The Skeptics Guide to the Universe explores scientific topics from a skeptical perspective
- Geology on the Rocks geology
- 99% Invisible kinda like RadioLab, cool sound design and stories

Websites:

- ChatGPT Al assistant
- KhanAcademy learn anything
- SciHub remove academic paper paywalls
- ZLibrary books/textbooks

- AnnasArchive books/textbooks
- Firmoo buy prescription glasses for cheap (\$20 USD+)
- CostPlusDrugs.com affordably purchase medicine without insurance
- Archive.ph bypass paywalls on anything
- FMovies movies/shows
- TokyBook free audiobooks
- Wikipedia Years in Science key discoveries over the years
- EveryNoise find new music
- Midjourney Al art generation
- FutureMe send emails/letters to yourself in the future
- GitHub find and share code
- CodePen GitHub but for web developers
- Vocabulary.com simple definitions for hard words
- Goodreads find/rate/review books
- Favoree find/rate/review YouTube channels
- Clippings.io organize all kindle notes and highlights
- SyncTube watch YouTube videos together
- Chosic tools for Spotify to find new music
- OneSimpleWish charity to purchase items for foster kids
- RandomWebsite goes to a random website
- DataCommons fascinating global population data
- KilledByGoogle all the projects google has killed
- AudioBookBay free audiobooks
- CharityNavigator find reputable charities
- Kickstarter find/fund startups

Browser Extensions:

- Toby manage tabs and bookmarks
- uBlock Origin ad/content/spam blocker
- Video Speed Controller speed controller for all videos by a custom threshold
- Shortkeys add custom browser shortcuts
- Remove article paywalls removes paywalls for all news articles
- Bookmark Dupes removes duplicate bookmarks
- Dark Reader turn any webpage dark themed
- Webtime Tracker track how much time you spend on sites
- Distill Web Monitor monitor websites/blogs for updates
- Image Downloader download any image from webpage
- Earth View google earth image for each new tab
- I don't care about cookies auto accept cookies
- Blocksite block distracting sites
- Unhook remove YouTube recommended

- Enhancer for YouTube customization for YouTube
- Return YouTube Dislike returns dislike button
- TamperMonkey scripting in a browser

Online Learning:

- KhanAcademy learn anything
- Scrimba learn how to code interactively
- LumenLearning
- Coursera
- uDemy
- edX
- SkillShare
- MIT OpenCourseware

Software:

- Everything search files on computer instantaneously
- LocalSend send files quickly between computers and phones
- HWinFO monitor temps and power usage
- QTTabBar add tabs to windows file explorer
- Lightshot screenshot tool
- WizTree visualize disk usage/mange space
- SumatraPDF powerful PDF/EPUB/MOBI reader. Highlight, remember location, and more.
- Notepad++ better version of notepad
- Afterburner GPU controller
- Anki powerful flashcard tool
- Calibre eBook manager
- F.lux custom screen tinting/remove blue light
- Macrium backup computer image
- CPUID detailed information about your computer
- Bulk Rename Utility batch rename files
- Fontbase font manager
- Synthesia learn piano from MIDI files
- Obsidian advanced note taking
- Wallpaper Engine animated desktop/mobile wallpapers
- Google Earth interactively view the Earth, Moon, Mars, or night sky
- Quick Access Popup launch folders, files, programs in one click
- CrystalDiskInfo check disk health/wear
- 4KVideoDownloader download videos from URLs
- Furmark GPU benchmarking
- DMDE disk recovery

- Lofi mini spotify player
- Stable Diffusion AI image generation
- Eagle image and design file manager (has potential, but copies instead of indexing)
- ShareX advanced screenshot tool
- CurseForge play modded minecraft and host modded servers
- · ImageGlass better version of windows photo viewer

Apps:

- Strava fitness tracking
- Boosted productivity tracking
- DayOne notes and journaling
- iNaturalist identify plants and animals
- Merlin identify birds based off sound

Kids Science Kits:

- KiwiCo
- CrunchLabs
- Science4You

Misc:

- FMHY extensive list of internet things
- Games
- · Piracy Megathread
- Awesome Lists
- Book List
- Developer YouTube Channels
- Find Papers, Articles, and Books
- Climate Change Info
- More Lists
